

**A Descriptive Title of the Research Presented at the Conference
(max. 200 characters)**

A. B. Co-Author¹, C. Author², D. Co-Author¹

¹ Affiliation of first author: Research Group, Institute or Department, University or Organization.

² Affiliation of second author: Research Group, Institute or Department, University or Organization.

[* Presenting.Author@institute.tld](mailto:Presenting.Author@institute.tld)

Please abbreviate given names in the author list and assign the respective affiliation to each author. Please designate the presenting author in the last fields of the submission form and give a corresponding eMail address.

Your free-form abstract text should not be longer than 1600 characters (including white spaces). References are counted separately, and are limited to 500 characters. You can not include graphics in the abstract.

Extensive formatting is not possible, however a limited number of formatting tags is supported. Using the following constructs in the abstract submission form will produce the respective result in the final abstract.

This will be a bold typeface:	This will be a bold typeface
¹⁹F:	¹⁹ F
CaF₂:	CaF ₂
</alpha>:	α

Place citations to references by bracketed numbers: [1], [3-7] References should be placed in the respective form field in a style as shown in the example below.
